### FEATURES

- Stand-alone Face and PIN code reader
- Stores up to 800 face templates and 10,000 cards
- Stores up to 100,000 records
- Dual infra-red camera image analysis
- 3 in. TFT color touch-screen display
- Fast (typical 1 second) recognition
- Built-in Ethernet and USB interfaces

### DISPLAY

3 in. TFT color  
LCD Capacitive Touch Screen

### VERIFICATION SPEED

≤1 sec (typical)

### CAMERA

High Resolution Infrared Camera

### CAPACITY

Face: 800 (1:N)  
ID Card: 10,000  
Transaction: 100,000

### COMMUNICATIONS

Ethernet Interface: USB:Wi-fi (Optional)

### POWER

12V DC at 3A

### ENVIRONMENT

Operating Temperature: 32° F - 113° F (0° C - 45° C)  
Operating Humidity: 05% - 80%

### DIMENSION

Width: 4 in. (103 mm)  
Height: 6.25 in. (159 mm)  
Depth: 1.49 in. (38 mm)
