

dash[®]Spend

Manage your expenses with ease

With dash[®]Spend you'll enjoy greater consistency, compliance, and control over your corporate purchasing process. By using dash instead of credit, you can easily track and move money in real time. With selective employee access to company funds, you can empower your team to make purchases when and where they need them.

Setup automatic reloads and low funds notifications

Quickly and easily add, remove, or freeze funds

Eliminate reimbursement processes & manual expense reports

Order new or replacement cards in seconds

Track all transactions online or in the mobile app

Set spending limits for each cardholder

Discover the many benefits of spending with dash!

1. Keep your business accounts compliant and safe from fraud, theft, and misuse.
2. Say goodbye to the limitations of credit cards and enjoy a more flexible and intuitive spending experience.
3. Streamline your expense management and eliminate the hassle of petty cash or checks.
4. Bridge the gap between credit and personal reimbursements.
